June 2015

Chapter: Make-A-Wish® Mid-South

We did so much on the trip – it was a little overwhelming. But, so many memories and great times with my family. I will always remember this trip and the kindness of so many. But most of all, I will remember this trip as the time when I regained my hope that I could live and enjoy life. There are no words to express my gratitude to Make-A-Wish Mid-South and Monograms for giving that hope back to me.
